

I understand that you are considering a proposal which may endanger the ability for K-LOVE radio station to remain on the air in this area. That would be a mistake, in my opinion. K-Love provides a great service here in the communities of Metro Denver. It is the one place that I can go to get up to date information on concerts and activities, it provides family friendly music and commentary, and keeps me informed of the news in the Christian community, both here, nationally and internationally. If this station were to be displaced by an LPFM broadcaster providing other types of broadcasting, a great service would be lost. K-LOVE plays at home and in my car all the time, and the music and commentaries are uplifting, calming, and joyful. That is a great contrast to the content of most other radio stations. This is a safe haven in the midst of a very confusing and threatening world, and I believe it is in both my, and the public's, interest to have ready access to such programming. It would be a great loss to this community to lose this very positive and supportive radio station. There are enough other choices readily available, but there is not another Christian station that I have found that matches the quality and service provided by K-LOVE. Please, don't displace this valuable asset! Sincerely, Elaine G. Oxenbury
